**SAT KAIVAL COLLEGE OF PHARMACY**

## Training and Placement Cell

The placement cell is committed to developing dynamism, strong human values, technocratic and good leadership qualities in all our students. The main function of this cell is to accomplish the basic needs of the corporate world. The T & P Cell provides not only placements but it gives emphasis to make the students ready to cope up with the current challenges of the Industry by making them aware about the recent market trends. Eminent experts from different Pharma industries are being invited on a regular basis who can share their experience and knowledge with the students. By these students not only get the knowledge but also get motivated towards the practical life and become aware about the Industry demands as well. We keep arranging the Educational tours and Industrial visits so that students can get the practical exposure of the working environment.
